EDMONTON'S SECOND ANNUAL BONSPIEL

IS NOW DRAWING TO A CLOSE—SOME INTERESTING GAMES

Several Local Rinks Showing up Well in the Competitions—The Fate of the Visitors Trophy—Great Interest in the 'Spell.

Edmonton's second annual bonspiel is now drawing to a close. It has been successful from every point of view and the interest is becoming immensely narrow down. No games were played last night to give the curlers an opportunity to attend the Polo Club's ball.

Some exceedingly interesting games were played yesterday. For the McDougall trophy Ibbotson defeated Crawford's crack rink by a score of 18 to 6. Smart of Calgary, administered a severe defeat to Innisfail's rink in the McDougall trophy competition, score 17 to 5. In the Visitors' competition, the Gallagher trophy, Wilson of Innisfail, gave Gilmore, of Lacombe, a bad beating, score 15 to 1, in a ten end game. Fardeel, Edmonton, properly defeated Spafford, of Calgary, for the Smart trophy by a score of 14 to 6.

The 11:30 draw yesterday morning resulted as follows:

McDougall Cup.

Strathcona	Strathcona
Fuller	McKenzie
Richards	Dawson
Thompson	Ross
Ibbotson	Innisfail
Irwin	Dobson
Galbraith	Kremer

McKenzie	Douglas
McQueen	Miquelon

Some very interesting games were played this morning. McDonald, Edmonton, defeated Smart, Calgary, for the Grand Challenge trophy by a score of 14 to 6. This game drew a great deal of attention and Edmonton curlers greeted McDonald's victory with ringing cheers. Campbell, Edmonton, defeated Crawford, of Innisfail; for the Smart trophy, by a score of 9 to 7. Somersall defeated Gilmore in the consolation competition. Ibbotson defeated Rushton, Wetaskiwin, in a thirteen end game by a score of 14 to 13.

In the Grand Challenge the competition is narrowed down to McDonald, and the winner of Giles and Campbell, all Edmonton rinks.

In the Smart trophy, four Edmonton rinks, Campbell, Rae, Matz and Giles are in the semi-finals.

BIRTHDAY PARTY

A very enjoyable birthday party was held at the residence of J. M. Pomerleau, contractor, on Tuesday evening last. It was the occasion of his fortieth birthday, and about fifty of his friends were present. The evening was passed with speeches by Wilfred Gariepy and others; vocal and instrumental music by numerous ones of those present, including A. Laprade and Dr. Roy. During the evening an address of congratulation was read by Mr. Pomerleau, and a handsome and valuable smoking set and a fine gold ring were presented him by Mr. P. E. Lessard on behalf of his friends. Mr. Pomerleau replied in a few suitable words. At 12 o'clock all adjourned to the dining room, where a magnificent repast was served. The party was organized by Mr. Pomerleau's employees, and much credit is due Mr. O. Mireault for the able way in which he made all arrangements. The party broke up at an early hour after an exceedingly enjoyable evening.

ALBERTA MAPS

C. S. Loft, of Calgary, has gotten out a set of sheet maps of Alberta, extending from the boundary line to township 57, north of Edmonton, and showing both sides of the Calgary & Edmonton railway from range 16, west of the 4th meridian to range 3, west of the 5th. The map is in three sections or sheets. The Edmonton sheet extends from township 35 to 58. It is on a large scale, shows all the physical features plainly and accurately, and is uncolored, so as to admit of the separate coloring of any special parcels. This feature of the map and its large scale make it especially useful to all parties interested in Alberta lands. Unmounted sheets are \$3 each and mounted sheets, \$5 each.

BOARD OF TRADE

A council meeting of the Board of Trade was held in the council chamber at eleven o'clock yesterday morning. Vice-President Morris occupied the chair. T. W. Lines, A. B. Campbell, H. C. Taylor, Jos. Whiteclaw, A. E. Potter, A. T. Cushing, Charles May, and J. H. Picard were present. The minutes of the last council meeting were read and adopted on motion of J. H. Gariepy and A. B. Campbell.

The seed grain question was taken and discussed at length. It created a long and animated discussion. The consensus of opinion was that the Dominion government should furnish seed oats to the settlers at cost, as the quantity wanted was so large that no private concern would care to handle it, and the C. P. R. do not yet seem to appreciate the condition. It was then moved by H. C. Taylor, seconded by A. B. Campbell that Vice-President Morris and J. H. Gariepy be a committee from our board to wait on Frank Oliver, M.P., and ask him to wire the Dominion government at Ottawa, urging immediate action re seed grain. The motion was carried unanimously.

A communication from the managers of the local banks with reference to the question of American silver was read. The Edmonton banks are endeavoring to arrange with all the banks along the Calgary and Edmonton railway to take steps to stop the circulation of American silver money. At a meeting of the managers of the Edmonton branches of the chartered banks held recently, the following resolution was passed:

"That a discount of five per cent. minimum charge of five cents, be collected on all American silver taken over the counter for thirty days from the date of this resolution, and that at the expiration of that term, the rate of discount be raised to twenty per cent. That any considerable sum of American silver accumulated by the merchants in consequence of the banks' previous resolution be received from them at once for shipment at a discount of two and a half per cent."

The question of immediate railway extension from Edmonton east was brought up, but discussion was deferred until the annual meeting of the board. The advisability of offering inducements to the Canadian Northern railway company to construct their line from Edmonton east instead of working west to Edmonton, is being considered.

The date of the annual meeting of the Board was fixed for Friday, Feb. 26th, at 3 o'clock.

Wm. Richardson and A. B. Campbell were appointed auditors for the past year.

EDISON

The sawmill has shut down for a couple of weeks in order to give the settlers a chance to get out their logs ready for sawing.

Mr. and Mrs. Shurtliff, J. D. Maloney and J. Edson, left for town on Tuesday last.

It is rumored that Mr. Sutherland, who left here for Edmonton last Sunday morning, was not alone; and further, so that there would be a wedding in town soon after his arrival there.

Ed. Wilson, whose sisters will be out here from England in a month or so, left for town on Wednesday for a load of furniture.

It was suggested a while ago that the Canadian Northern survey through here had been altered, but the writer understands that this idea is absurd, for the line run through here by Messrs. McIntosh and Baning was the final line.

Chas. Currie, who left here after New Year for Theesalon, Alberta, has arrived there, and has already been busy delighting his friends with his description of the Northwest.

Some time ago there was talk of a rifle club in this district, and as most of the young men here are interested in this movement, we should like to hear a little more about it.

Mr. J. Currie is up here from town and is taking out logs for a new house. He can be expecting two visitors from the Old Country.

No doubt the bachelors—and there are plenty of them—will be brushing their best clothes in the spring with the prospects of so many young ladies coming out here.

The roads are naturally rather heavy; though not too bad. At the same time a good chinook wind would help matters considerably.

DROP IN FUR PRICES

It is well known on the street that at the recent fur sales in London, England, furs took a decided drop. For several years now prices have been steadily increasing, which has had a tendency to make fur buyers too optimistic of the fur market. There are numerous causes for this drop in prices, the principal one being the threatening war between Russia and Japan, which has caused a dropping off in the demand for furs. Other reasons assigned are: bad strikes in fur manufacturing establishments, general hard times in England, the failure of a large Leipzig fur firm, and a very heavy offering of furs. Local dealers lost heavily on marten and rats. These losses will be felt very extensively throughout this whole district. Besides the few local dealers, all the smaller dealers in outlying parts, as well as the numerous traders operating in the far north, will feel the pinch of the heavy drop in prices. The result is that prices paid for raw furs will be materially decreased. At C. M. Lampson's fur sales in London, the percentage of decrease in the various furs is:

Red fox, ten per cent. lower.

Wolverine, ten per cent. lower.

Lynx, fifteen per cent. lower.

Beaver, twelve per cent. lower.

Mink, ten per cent. lower.

Marten, twenty per cent. lower.

Skunk, twenty per cent. lower.

Wolf, same as last March.

Black bear, forty per cent. lower.

Brown bear, 30 per cent. lower.

Grizzly bear, 30 per cent. lower.

Otter, same as last March.

Rat, 37 per cent. lower than last October.

BEAVER LAKE EAST

At the annual meeting of the raters of Beaver Lake school district, held on the 11th, Jas. A. Stewart was re-elected trustee by acclamation.

The auction sale of the late Mr. Milne's property was very successful. Prices of sheep, etc., ruled high, some sheep selling at six dollars per head, A. R. Moody was the auctioneer.

The syndicate thresher put the following quantities of grain through during the season: wheat, 4,000 bush. oats, 17,500 bush; barley, 4,200 bush; total, 25,700 bushels. A portion of this was threshed elsewhere.

The amount for this settlement is about 19,000 bushels. This is a falling off from 1902 of some 4,500 bushels. The measurement from the mill was by the sack, consequently the actual amount by weight is a good deal more than the above. The turn-out, in 1902, by weight, was far in excess of the threshers' figures.

Dr. Herdman, superintendent of Presbyterian missions, and Rev. A. Forbes, of the Fort, are expected out on a business trip shortly.

January 12th.

PEMBINA RIVER

A number from here attended the wedding at Mr. Pierre Gray's of their daughter to a gentleman at Lake St. Anne. They received many valuable presents. Mr. Gray, who is a rancher, also runs a large trading post at Island Lake on the trail to the Brazeau river.

There will be church at William Brown's on Sunday, February 10th.

Thos. Drummond, B. L. S., is at present sub-divisioning township 57, range 3, west of the 5th meridian. Two parties are in charge of the work. Wm. A. O'Flynn, assistant; R. M. Walker, picker man; Leon Ward, topography; J. F. Dickenson, chainage; Geo. Great and W. A. Mason, axemen. The other party is: C. P. Popham, assistant; Fred Young, picker man; Harry Thompson, topographer; Tom Wilcox, chainer, and Harry Walker, axeman.
